'Live Work Play Norman' is a fun new event that NEXT is working on in collaboration with NEDC to help encourage young talent to stay in Oklahoma, and specifically, Norman. The goal of the event is to help introduce college students and young professionals to life in Norman outside of the University setting. Students & Young Professionals will be introduced to local employers, Norman arts, shopping, festivals, and real estate options. This will also be a wonderful opportunity to present your business to the general public in attendance. Projected Attendance: 200+
