

# NORMANNEXT

## Mentor Program

### Program Purpose and Expectations

Norman Next's mission is to be the leading influence in making Norman the community where young professionals want to live, work, and play. In an effort to support that mission, we have created the Mentorship Program to connect young professionals with prominent members of the Norman community. The goal is to provide an opportunity for mentees to gain insight into career paths, community engagement, and/or professional growth. Mentees will apply to be paired with one of the Mentors in the attached brochure or can request anyone of your choosing. The program consists of two scheduled events. Outside of these, the mentor and mentee will schedule your own meetings. Examples of possible interactions include lunch, job shadowing, introduction to an organization such as Rotary, happy hour, etc.
